

MALUMA AND CARMEN PROGRESS/PHOTOGRAPHIC REPORT

Denis Roe and Peter Young visited Jim Carney's Farm, Avocado Ridge, near Childers, Qld , on 9-2-2012. Maluma, Gem and Carmen varieties were top-worked onto stumps in Autumn of 2011. The following photographs were taken:

Fig 1. A good crop of Maluma fruit in the trees. These will probably be ready for picking early-mid March.

Fig. 2. Maluma fruit

Fig. 3. Topworked Maluma tree

Fig. 4. Maluma is a precocious and prolific bearer.
